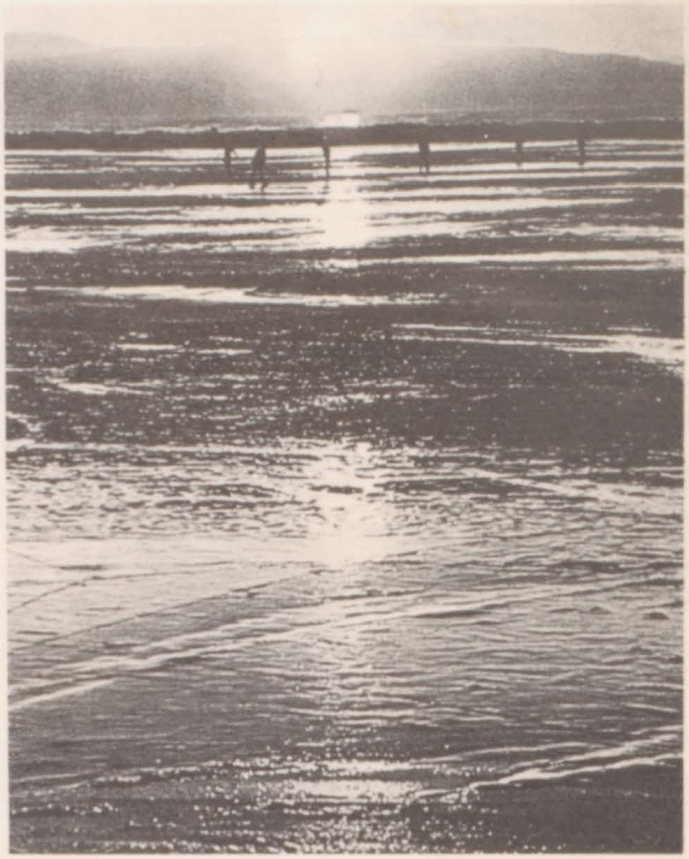
REFLECTOR 1979

VOLUME 20



Then God smiled and the light broke
And the darkness rolled up on one side
And the light stood shining on the other . . .
And God walked, and where he trod
His footsteps hollowed the valleys out and
bulged the mountains up.

The pine tree pointed his finger to the sky
And the oak spread out his arms
The lakes cuddled down in the hollows of the
ground
And the rivers ran down on the sea.

Up from the bed of the river
God scooped the clay
And there the great God Almighty
Kneeled down in the dust
Toiling over a lump of clay
Til He shaped us in His own image.

(Excerpts from James Weldon Johnson's "Creation")

She showed interest in music by taking part in Girls' Glee for three years, and being in Choir for two years. Jan proved vital to the band by playing one of the few French horns for four years and she played in the strings class for three years. Jan was an officer of her class her first and third years. Brenda L. Hack

Through the *Eagle Insight* the students of N.C.H.S. were treated to some of Brenda's talents. She shared herself through the many performances of the Girls' Glee. However, the students of N.C. were not the only Christian young people with whom she had contact. Brenda was actively involved with the Campus Life group in Grand Island. Brenda was born November 28, 1960 and had previously attended Central City High School. "Our soul is escaped as a bird out of the snare of the fowlers. The snare is broken and we are escaped. Our help is in the name of the Lord who made heaven and earth." Psalm 124:7-8

Being a mechanic was one of Thor's main pleasures because he enjoyed working with his hands and making things run. Thor proved his enjoyment of hard, physical work by his involvement in four years of football and three years of track. But, physical work didn't take all of Thor's time. During his junior year, he was in the all-school three-act play and was in charge of the junior high students in the south hall of the boys' dorm. Thor gave Romans 8:28 as one of his favorite verses. The verse reads as follows: "For we know that all things work together for good to them that love God and are called according to his purpose."

Sherry J. Masters

Sherry, who was really a kid at heart, enjoyed aiding the kindergarten teacher at the elementary branch of N.C. Through this area of Sherry's work here at school, she had the opportunity to put to use some of her many interests. She read to the kindergarten class and helped them in their singing. She shared her music with others also. Sherry was active in band, choir and Girls' Glee. Reiko Matsue

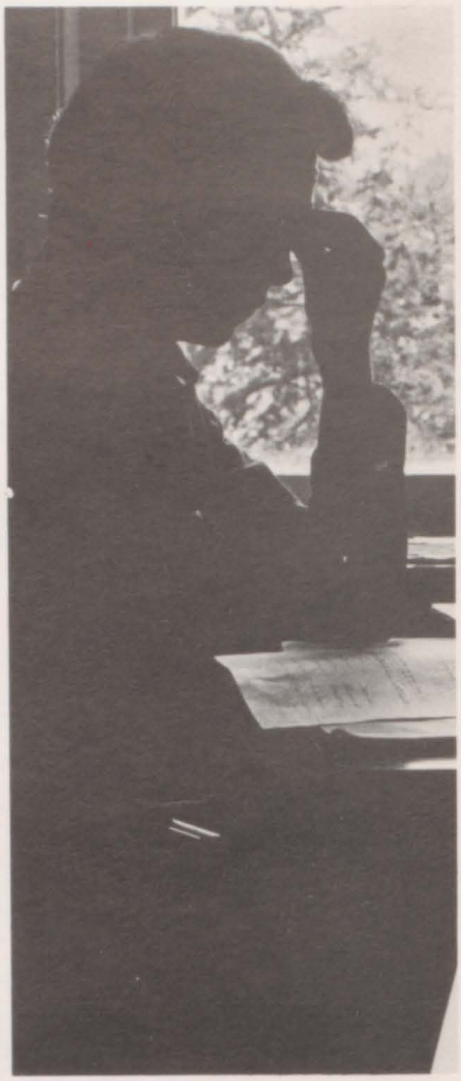
Reiko was a long way from home. In fact, she was from Kyoto, Japan! Reiko came to Nebraska Christian partly to live in an American environment, partly to live with a group of Christian kids and partly to perfect her English. Reiko taught us all a lot about the customs and traditions of Japan. It was hard at times for Reiko to be here at N.C. Once she commented that her soul was withering because she hadn't heard Japanese for so long. But she has clung to Psalm 28:7 which says "The Lord is my strength and my shield; My heart trusts in Him, and I am helped; Therefore my heart exults, and with my song I shall thank Him."

1. Deeply pondering a thought, Tom Dockweiler is unaware that he is forming the perfect silhouette.

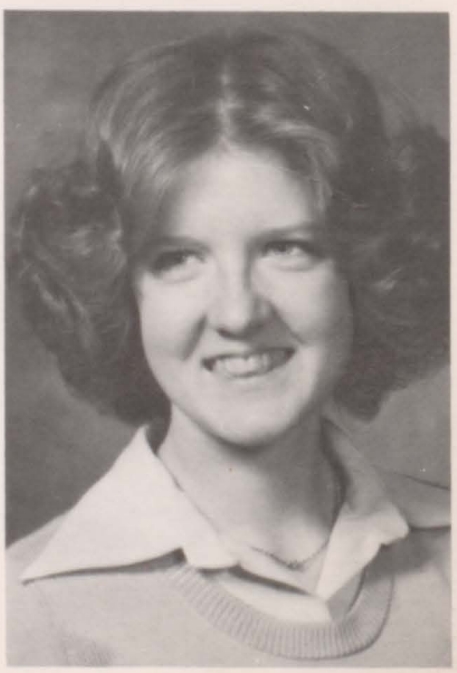


Lila H. Nilson

"*Reflector* sure took up a lot of time, didn't it Lila? Remember the late deadlines?" Lila worked on the *Reflector* her junior and senior years. However *Reflector* didn't take up all of her time. She spent considerable time traveling around the State with the choir of which she was a member for two years. She sang in Girls' Glee her sophomore, junior and senior years. Lila earned a role in the three-act play her junior year. "Do not say, 'I am a youth, because everywhere I send you, you shall go, and all that I command you, you shall speak. Do not be afraid of them, for I am with you to deliver you," declares the Lord. Jeremiah 1:7-8

Ivalynn R. Peterson

Lynn was key to N.C.'s music program by being a major pianist. For her last two years she traveled with the choir and Octet all over the State and not only accompanied but also sang with these groups. Girls' Glee received her musical talents for three years, and band for one year. Lynn cheered the Eagles on for three years and played volleyball her freshman, sophomore and senior years. Duet acting revealed a different facet in Lynn. She took a duet-act to district speech contests her junior year. Being junior class treasurer and working on the *Reflector* staff for one year finished Lynn's high school years. Joshua 1:9

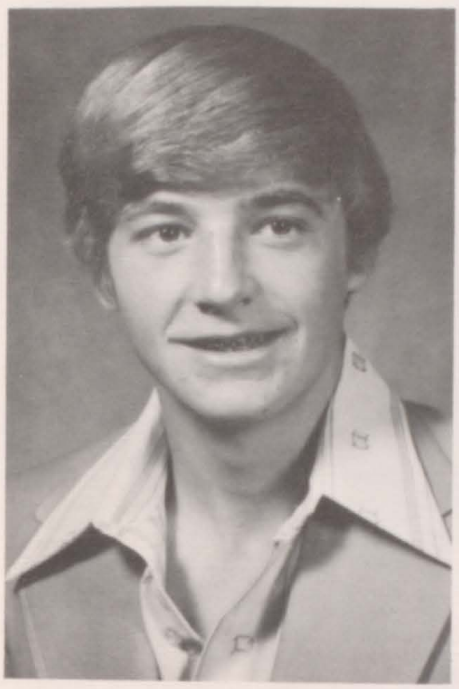


Lolita K. Mieth

Lolita's talents were varied. She contributed to the band for four years by playing three different instruments. She expressed herself with her piano playing. Lolita's creativity extended from music to art. *Reflector* benefited from her talent in this area. She was active with the *Reflector* staff her sophomore, junior, and senior years. During Lolita's last three years she was known for her excellence in speech; she went to speech contest with poetry. Athletics was another strong point. She enjoyed volleyball her junior year and individual running events her freshman, sophomore, and junior years. Matthew 6:34

Gregg A. Ratliff

Football was Gregg's greatest enjoyment during his four high school years. After three years of hard physical work, Gregg had the privilege of being a linebacker and the team center his senior year. Other sports which Gregg showed an interest in were track and basketball. Gregg wasn't completely sports-oriented. He was part of the school's three-act play his junior year and the contest one-act play his senior year. Gregg contributed to the choir his junior and senior years by singing bass and to *Reflector* his senior year by being on staff. Gregg chose Philippians 4:13 as his favorite verse. It reads, "I can do all things through Him who strengthens me."



Kathy A. Ressel

For Kathy, the major activity during her high school years was music. She participated in choir and Octet two years. She joined Girls' Glee as a freshman and was in it until her senior year. She played percussion instruments in the band for all four years. Kathy's interest in music went further than being in large groups. She was a part of the vocal ensembles and solos that went to conference and district music contests. As a junior, Kathy displayed an interest in drama by being in the one-act play. Her other activities included: *Reflector* and volleyball. Isaiah 41:10, Kathy's favorite verse says, "Do not fear, for I am with you . . ."

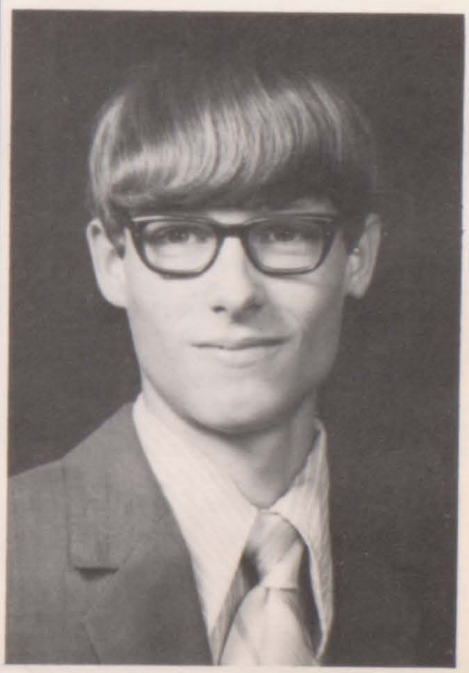
Daniel M. Schmidt

Dan was the mailing editor and a reporter for the *Insight* his junior and senior years. Having to write short articles developed his ability to correlate ideas precisely. For two years, Dan sang tenor in the choir and Octet and for one year in the Mixed Octet. He enjoyed this because it gave him a chance to minister to others through music. He learned many new things through his favorite pastime reading. Romans 12:1-2 were the verses Dan chose as his favorites. They read, "I urge you therefore brethren, by the mercies of God to present your bodies a living and holy sacrifice . . ."



1

"Brian Dowse, what is so funny about that broken wrist you got in practice?"

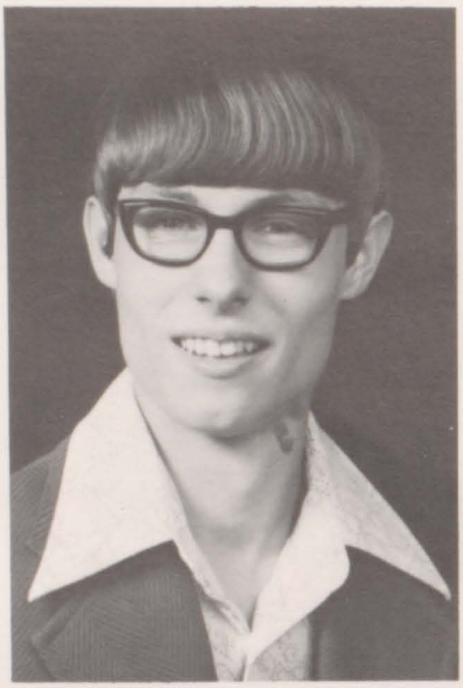
Since he enjoyed singing, Nate's activity was being in vocal groups. He sang bass in choir his junior and senior years. His singing talents reached even farther into small groups such as the Mixed and Boys' Octets. He sang in these groups his senior year. Nate was actively involved in the Work Study Program at N.C. and was consistently high on the honor roll. Because of his interest and ability in math, he hoped to continue studying this subject in college. Nate chose Matthew 6:33 as his favorite passage of scripture. It reads, "But seek first His kingdom . . . and all these things shall be added to you."



Tammy J. Smith

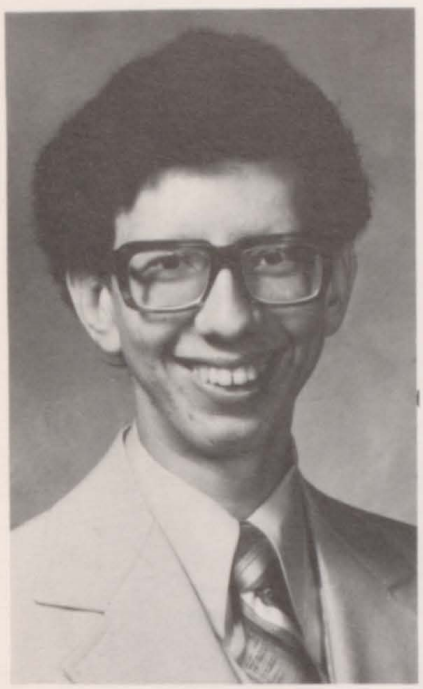
Going to contests seemed to be a regular pastime of Tammy. She went to music contest in a Triple Trio, Flute Quartet, Trio and numerous other small groups. Tammy also traveled throughout the State during her last three years of high school with the choir. Tammy expressed that her enjoyment in music rested in the opportunities it gave her to share what God did in her life. Two years of Octet and four years of Girls' Glee and band gave her additional opportunities. Tammy went to speech contest her junior and senior years with prose. She said Romans 8:38-39 were her favorite verses. They read, "For I am convinced that neither death, nor life . . . shall be able to separate us from the love of God . . ."

Christie K. Sharman

Christie loved to participate in anything that had lots of action. Basketball was her favorite activity because it had lots and lots of action but it also required skill and discipline. Volleyball was another area where skill and discipline were required. Christie took part in volleyball her sophomore, junior and senior years. She enjoyed roller skating too. She was sophomore class treasurer and senior class secretary. Proverbs 3:5-6 had a special meaning to Christie. "Trust in the Lord with all your heart, and do not lean on your own understanding. In all your ways acknowledge Him, and He will make our paths straight."

William L. Wilcox

Bill attended N.C.H.S. from junior high through first semester senior year. From his junior high days, he was active in band and instrumental small groups. Bill also sang in choir for three years. He held band, class, and student council offices. He was an active part of the athletic department at N.C. His ability in football won him the title of all-conference football player several times. He participated in track three years and basketball two years. Bill's favorite pastime activities include eating and riding motorcycles. Philippians 4:13 is a verse that Bill came to appreciate while at N.C. "I can do all things through Him who strenghens me."



Douglas R. Young

Doug was only at N.C. one year (he was previously from Grand Island Senior High) and readily fit into the swing of things. He kept himself very busy by taking part in basketball and track. Doug realized sports were not the only forms of activities. Doug participated in choir and band. He also shared his talents by performing in the one-act play and working with the *Reflector*. Doug enjoyed chess because it was such a thought-provoking game. "Consider it all joy, my brethren, when you encounter various trials, knowing that the testing of your faith produces endurance." (James 1:2-3)

How Postal Service Hopes To Speed Up the Mails

In the following articles we tried to capture the highlights of the political year.

Among the more famous personages who died were an American artist, Norman Rockwell, the former Israeli Prime Minister, Golda Meir, and an active American statesman, Nelson Rockefeller.

The President was James Earl (Jimmy) Carter and his democratic administration had its hands full. President Carter proposed a war on inflation (which was 10% in 1978) a new energy package, and a reduced budget.

People across the nation paid spiraling gas prices, which reached over 70¢ a gallon. Stamps went up to 15¢ and hamburger up to $1.80 a pound.

A tragic event was the murder of Congressman Ryan (R-Cal.) and 912 others in the Jonestown, Guyana, South America mass murder-suicide.

The Equal Rights Amendment received a three year extension and the first trans-Atlantic balloon flight was realized. Population of the United States reached 221,000,000 and the number of eighteen-year-olds peaked in 1978.

It was election year and Nebraska elected a Democratic Senator (J. James Exon) and a Republican Governor (Charles Thone).

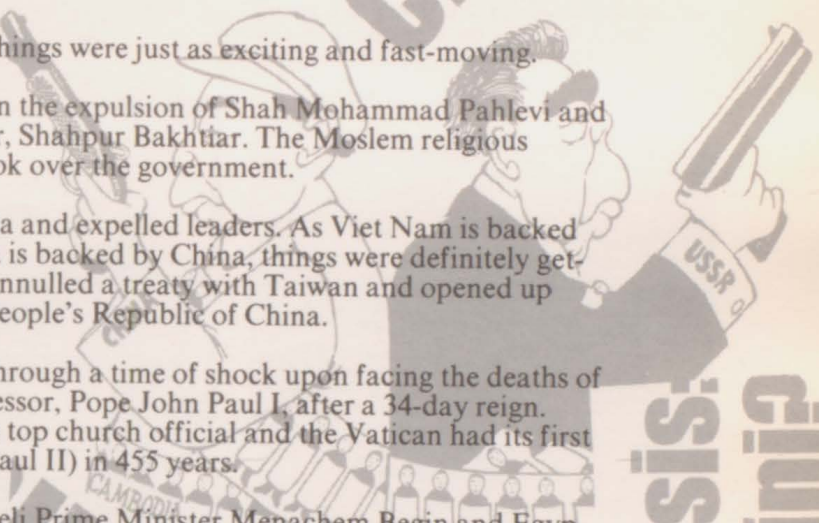
Key to Iran's Crisis: Army or Khomeini?



On the international plain, things were just as exciting and fast-moving.

A civil war in Iran resulted in the expulsion of Shah Mohammad Pahlevi and the arrest of his Prime Minister, Shahpur Bakhtiar. The Moslem religious leader Ayatollah Khomeini took over the government.

Viet Nam invaded Cambodia and expelled leaders. As Viet Nam is backed by the U.S.S.R. and Cambodia is backed by China, things were definitely getting touchy. President Carter annulled a treaty with Taiwan and opened up diplomatic relations with the People's Republic of China.

The Catholic Church went through a time of shock upon facing the deaths of Pope John XXIII and his successor, Pope John Paul I, after a 34-day reign. Catholic Poland gave Rome its top church official and the Vatican had its first non-Italian Pope (Pope John Paul II) in 455 years.

President Carter invited Israeli Prime Minister Menachem Begin and Egyptian President Anwar Sadat to Camp David for a peace summit. The political world looked on with unbelief as Prime Minister Begin and President Sadat caught each other in a warm embrace.

Truly the political world of 1978-79 was pulsating, eventful, and exciting.

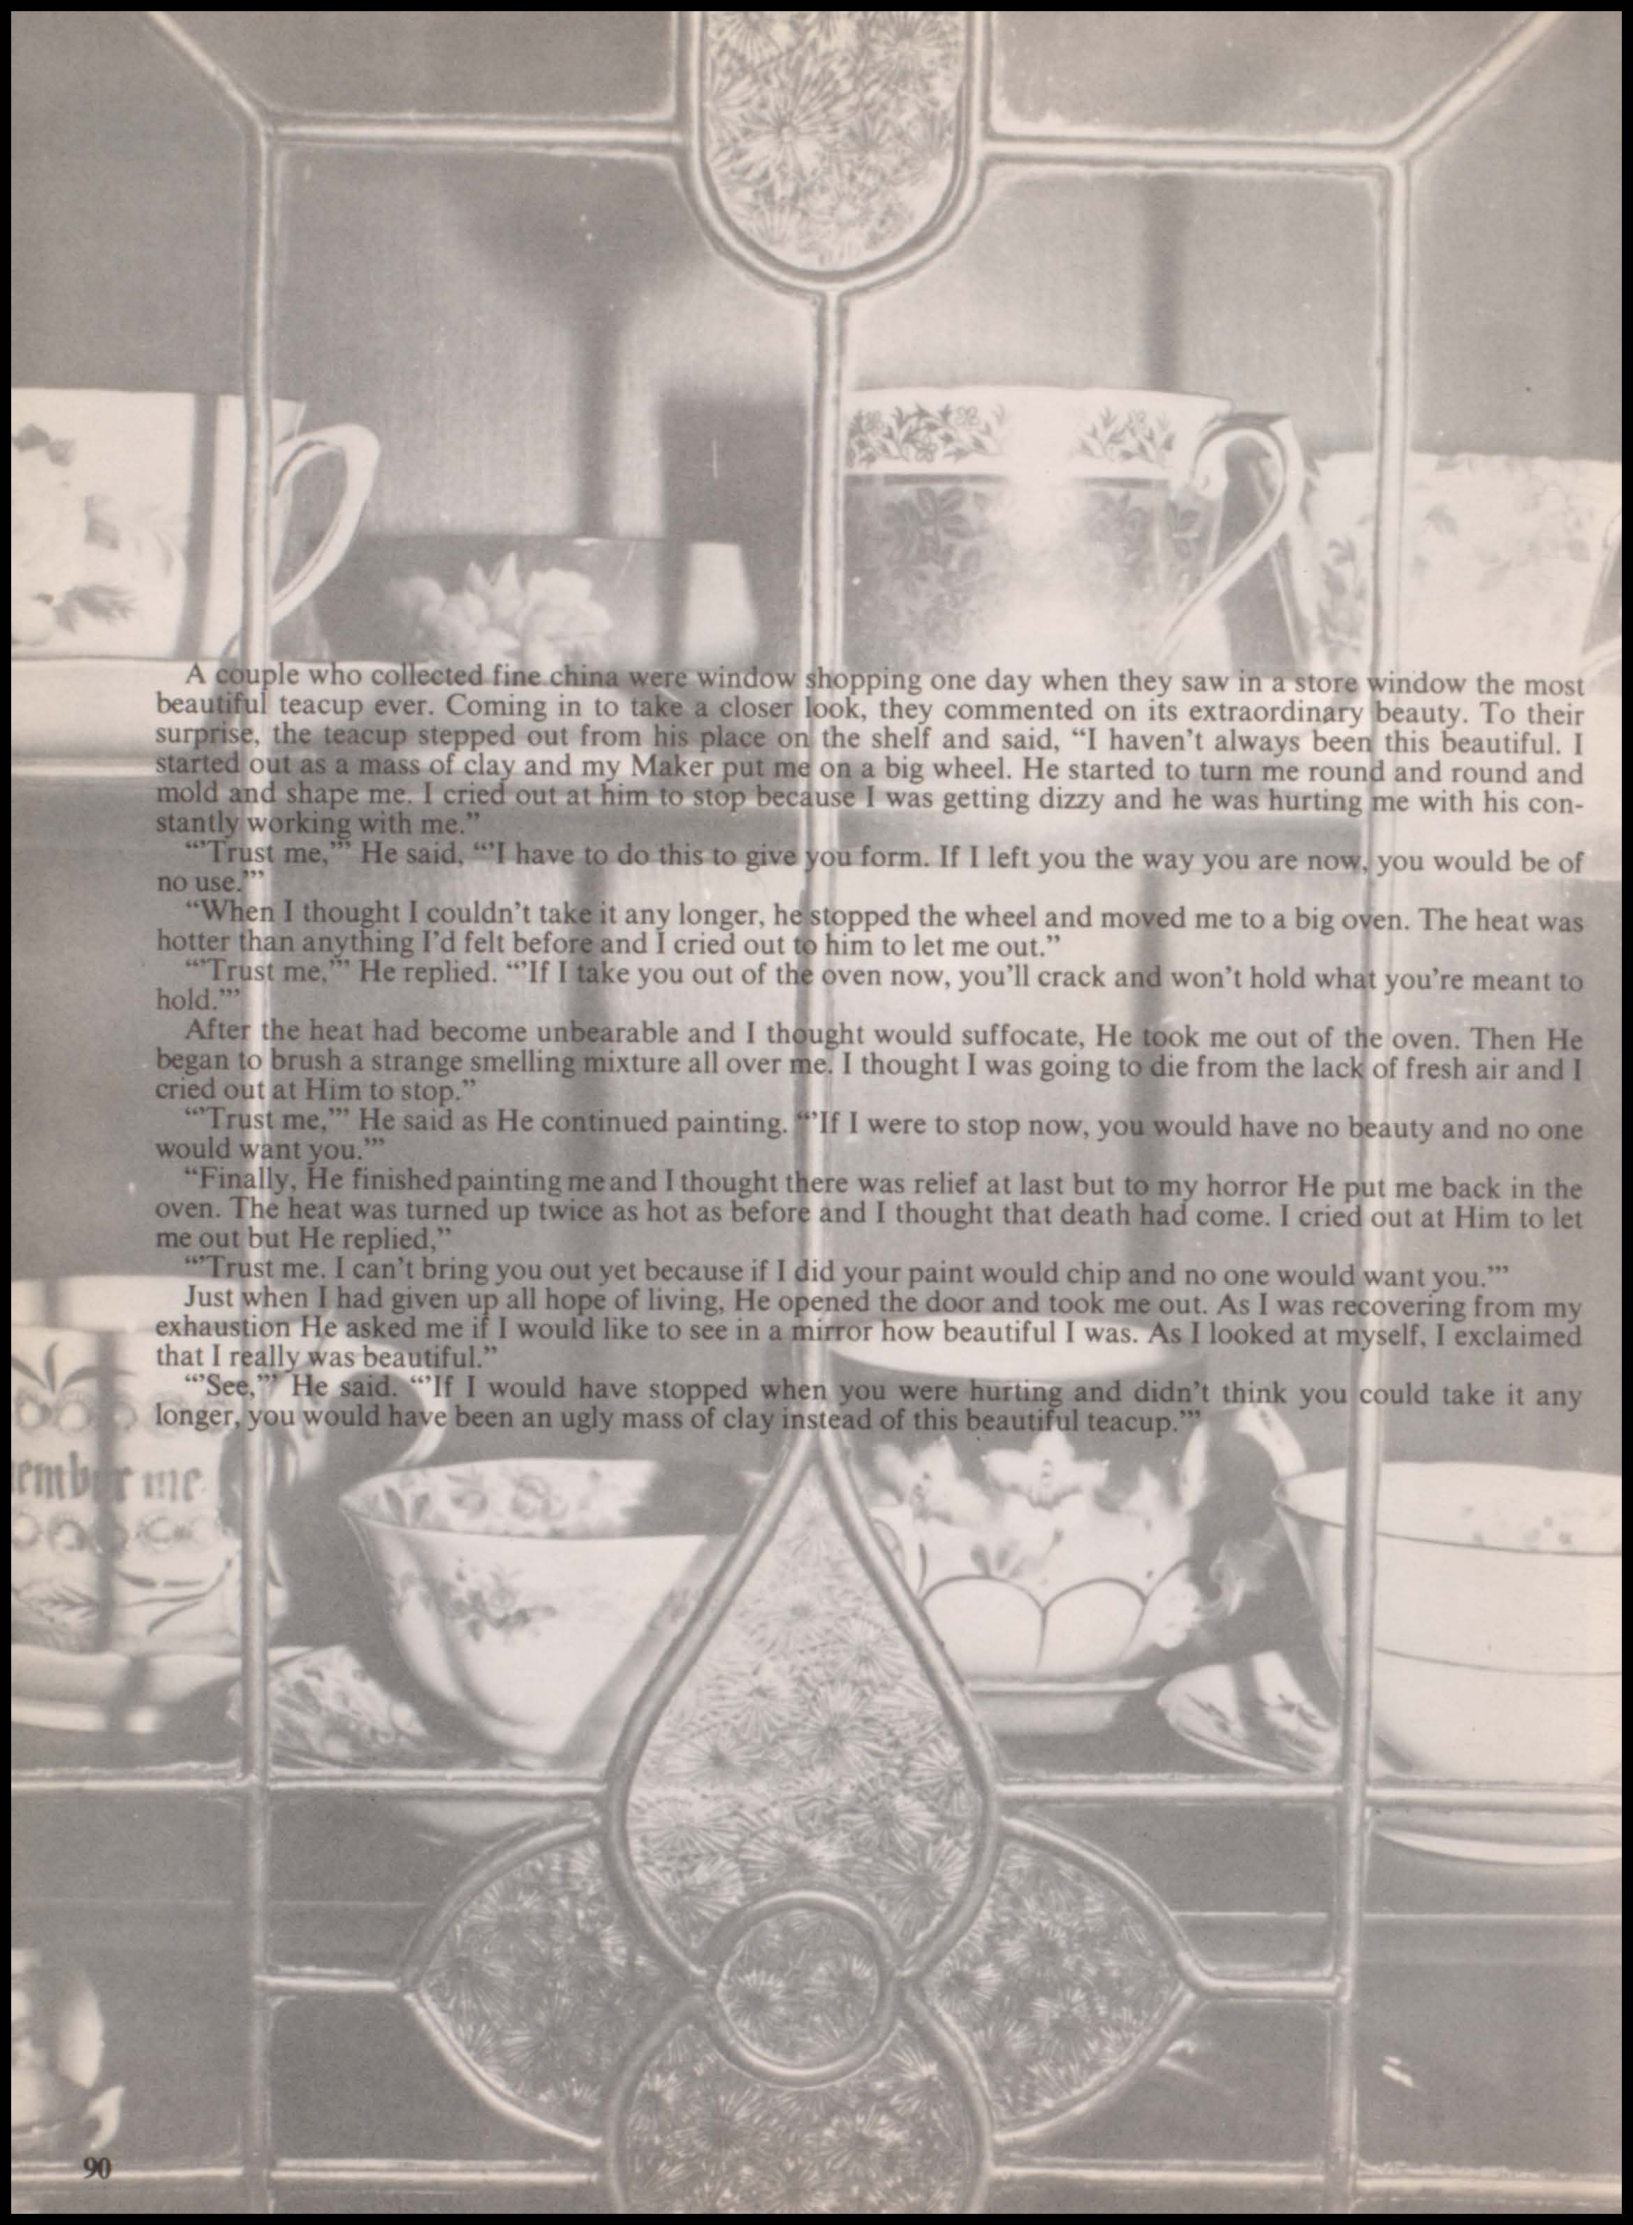
We would like to recognize the heading and the political cartoons on the previous two pages as being taken from the *U. S. News and World Report.*



A couple who collected fine china were window shopping one day when they saw in a store window the most beautiful teacup ever. Coming in to take a closer look, they commented on its extraordinary beauty. To their surprise, the teacup stepped out from his place on the shelf and said, "I haven't always been this beautiful. I started out as a mass of clay and my Maker put me on a big wheel. He started to turn me round and round and mold and shape me. I cried out at him to stop because I was getting dizzy and he was hurting me with his constantly working with me."

"'Trust me,'" He said, "'I have to do this to give you form. If I left you the way you are now, you would be of no use.'"

"When I thought I couldn't take it any longer, he stopped the wheel and moved me to a big oven. The heat was hotter than anything I'd felt before and I cried out to him to let me out."

"'Trust me,'" He replied. "'If I take you out of the oven now, you'll crack and won't hold what you're meant to hold.'"

After the heat had become unbearable and I thought would suffocate, He took me out of the oven. Then He began to brush a strange smelling mixture all over me. I thought I was going to die from the lack of fresh air and I cried out at Him to stop."

"'Trust me,'" He said as He continued painting. "'If I were to stop now, you would have no beauty and no one would want you.'"

"Finally, He finished painting me and I thought there was relief at last but to my horror He put me back in the oven. The heat was turned up twice as hot as before and I thought that death had come. I cried out at Him to let me out but He replied,"

"'Trust me. I can't bring you out yet because if I did your paint would chip and no one would want you.'"

Just when I had given up all hope of living, He opened the door and took me out. As I was recovering from my exhaustion He asked me if I would like to see in a mirror how beautiful I was. As I looked at myself, I exclaimed that I really was beautiful."

"'See,'" He said. "'If I would have stopped when you were hurting and didn't think you could take it any longer, you would have been an ugly mass of clay instead of this beautiful teacup.'"

All of us Christians are individual teacups. Our potter, God, is daily working with us through trying circumstances to bring us to be that beautiful final product. Even though we are not perfect yet, we are in the process of reaching our final stage of perfection. This final stage will only come, though, with Christ's Second Coming. God has said in Jeremiah 18:3-6 that as the potter shapes and reworks the clay so He shapes and works with His children.

Also, in Romans 9:20-22, Paul speaks to us as Christians telling us that we have no reason to talk back to our Potter. He is the One in charge and has the right to decide what He wants to make out of us. In our story, the teacup cried out at the Potter to stop when life was getting too tough. If the Potter had listened to him, he would have been useless in this world. So, too, would we as Christians be useless in God's plan if He had stopped when circumstances were getting rough and we cried out. Only He knows what the final product will be and what trying experiences He must bring into our lives to make this product. Our responsibility is to respond with joy to these circumstances because they bring patience and patience brings a perfect and complete product, lacking in nothing (James 1:2-4).

At some point in time, God will look upon us as an example of exquisite beauty. He will then receive complete glory for His divine craftsmanship.

As with the teacup, our Potter gives us times of rest and joy as well as times of pressure and trying circumstances to work into us the exquisite beauty of a Christ-like character that reflects Him to the watching world.

Carpet Cleaning Facts You Should Know

1 THERE IS ONLY ONE SAFE WAY TO CLEAN CARPETS

2 IT'S CERTAINLY NOT THE SO-CALLED "STEAM" METHOD.

3 IT'S NOT THE ROTARY BRUSH METHOD.

4 IT'S NOT THE HAND APPLICATION METHOD.

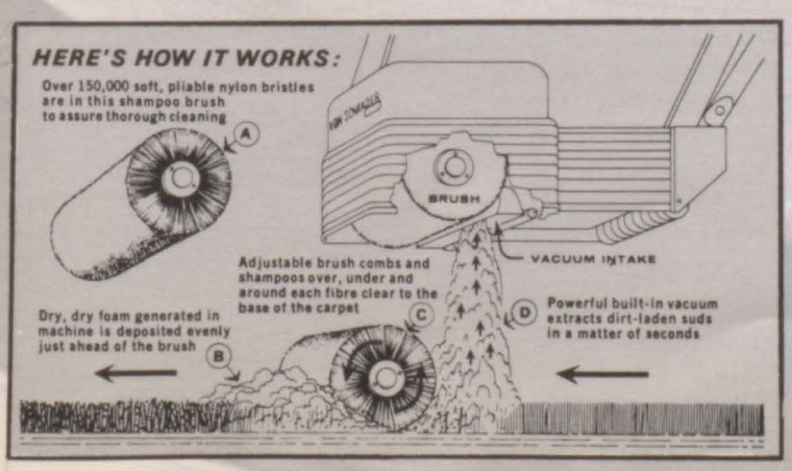
it is The Von Schrader Carpet Deterger Method

Uses a dry foam (not gallons of water!)

Cylindrical brush shampoos down to the base of the carpet

Vacuums immediately powerful suction lifts out dirt laden foam in seconds.

Only the Von Schrader Carpet Deterger applies a dirt emulsifying *dry* foam, brushes it thoroughly into the carpet and removes both foam and dirt immediately before it can sink back down into the carpet. This simultaneous operation is an important benefit. Only the Von Schrader Carpet Deterger has this *patented* feature. Because only foam is used, your carpeting is ready for use in an hour or so. And there is no danger of shrinkage, dry-rot, browning or mildew.



TO HAVE YOUR CARPET CLEANED USING THE VON SCHRADER METHOD CONTACT:

Congratulations

To the Staff and Students at Nebraska Christian High School

Best wishes to the graduating seniors as you move forward on the pathway of life.

"Have two goals: wisdom — that is, knowing and doing right — and common sense." Prov. 3:21 (Living Bible)

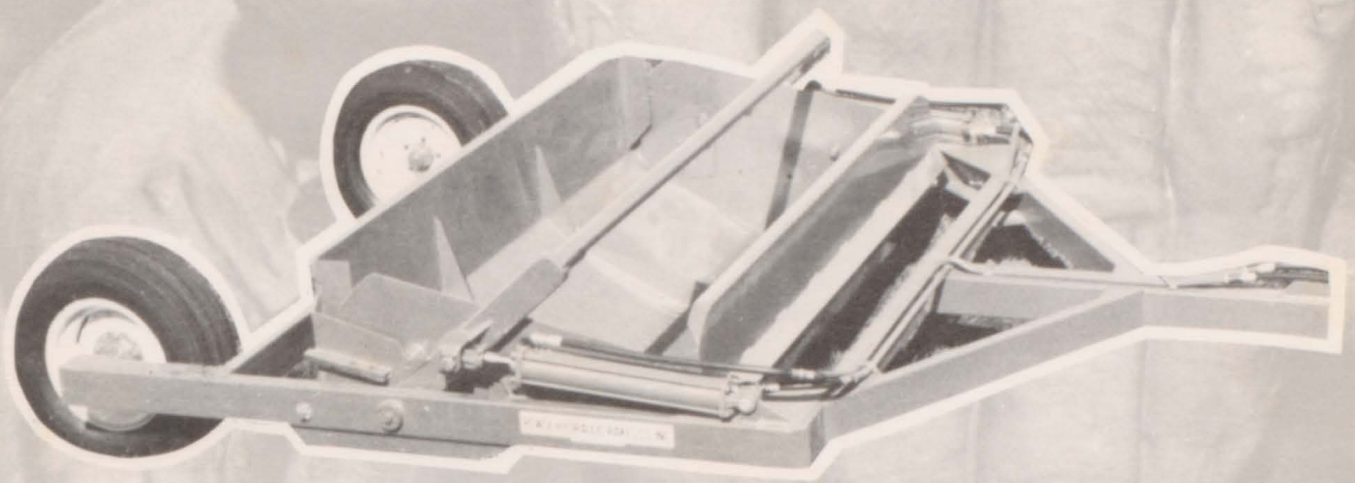
from the management and staff

at Rowse Hydraulic Rakes Co., Inc.

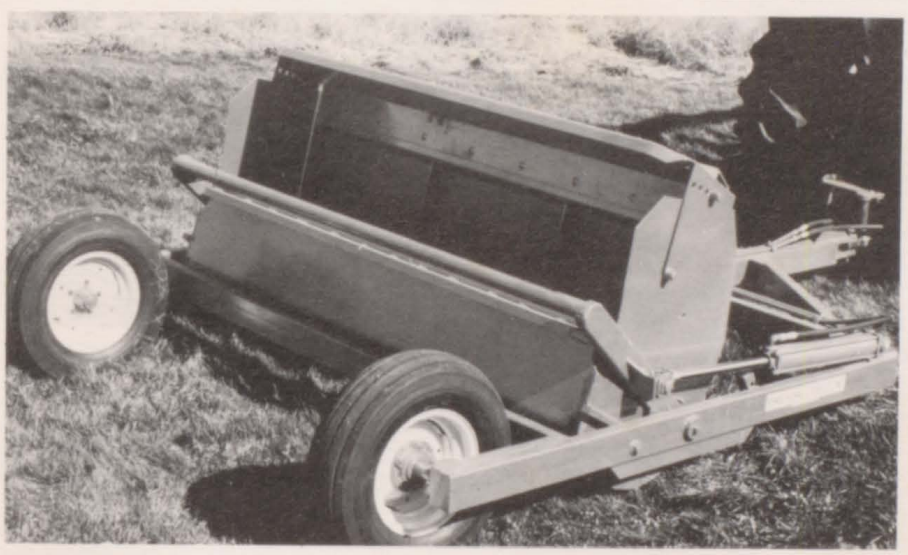
Burwell, NE

The Handy Earthmovers From Rowse

One of the handiest machines you will own. Shape up terraces, dig a pit silo, clean out corrals, fill in along a bunk, smooth out your driveway . . . you can do it all with this Rowse hydraulic scraper. The 8′ cutting width (wider than most rear tractor treads) allows you to snug right up to a fence or a foundation. You can even hook two of these scrapers in tandem for double the earth-moving capacity.



A 60 HP tractor provides plenty of power in most soils, yet the Rowse scraper hauls a full three yards per load.



You have full hydraulic control, with just one double-acting control valve on the tractor platform. Adjust cutting depth and dumping with just a touch of the hydraulic lever. The grader-type steel blade is removable for sharpening or replacement.

The Rowse label stands for reliability.

The Real Hay Makers From Rowse

New "Quick-Attach" trailing double mower with tough, balanced head drive and 40% stronger cutter bars.

1

1. Choice of 7′ or 9′ cutter bars lets you mow 14′ to 18′ per swath. Your hay cures quicker and more uniformly.

2. Mower is switched easily and quickly to transport position behind tractor . . . or pull it with your pickup.

2

Hydraulic rakes have gained a top quality reputation for Rowse throughout range country. Some rakes have already covered 50,000 acres and more.

3. Choice of eight rakes sizes in two or three section models, with available widths from 16′ to 42′. Positive hydraulic action gives you precise control of windrow size.

4. Convenient transport position so you can move your Rowse rake easily from field to field. For longer distances, it pulls easily behind a pickup at near highway speed.
